

Let The Fiat of the Lord Be With Me

Let the fiat of the Lord be with me! (9x)

1. O Saint Germain, send Violet Flame,
Sweep it through my very core;
Bless'd Zadiel, Oromasis,
Expand and intensify more and more.
2. O Jesus, send thy Violet Flame,
Sanctify my very core;
Blessed Mary, in God's name.
Expand and intensify more and more.
3. O Mighty I AM, send Violet Flame,
Purify my very core;
Maha Chohan, Thou Holy One,
Expand, expand God's lovely sun.

Refrain (repeat 9x after each stanza)
Right now blaze through and saturate,
Right now expand and penetrate;
Right now set free, God's mind to be,
Right now and for Eternity. (9x)

I AM a being of Violet Fire!
I Am the purity God desires! (33x)

In the name of Almighty God,
Saint Germain, help me now!
